Product description

ET16 PLUS

Czur ET16 automatically identify and flatten the curve distortion of books, using a Lagrange transformation.

Unlike any other traditional scanners, CZUR ET16 revolutionizes your scanning experience by bringing simple, intelligent and fast scanning performance.

All books, magazines, contracts and any paper documents within size A3 can be scanned directly without cutting or damaging in the speed of 1.5s/page (40-60pages/min).

The CZUR ET16 is also capable of scanning physical objects such as sculptures.

All of your scanned documents can be converted to editable Word/PDF/TIFF or JPG.

A replicated digital document will be created also automatically erasing the fingers that hold the book in place.

All documents you scanned can be uploaded to CZUR Cloud via Wi-Fi.

Easily synchronize your files to any devices you wanted, giving you more flexibility to manage your scanned data

Product Description

Unlike any other traditional scanners, CZUR ET16 PLUS revolutionizes your scanning experience by bringing simple, intelligent and fast scanning performance. All books, magazines, contracts and any paper documents within size A3 (Note: Due to reflectivity of materials with glossy surface, scanning result might be affected) can be scanned directly without cutting or unbinding at the speed of 1.5s/page. The CZUR ET16 PLUS is also capable of scanning physical objects such as sculptures. All of your scanned documents can be converted to editable Word/PDF/TIFF or JPG via OCR (Optical Character Recognition) function.

Build Your Own Digital Library

As the advanced version of ET16, CZUR ET16 Plus provides better using experience with stunning new features.

Innovative Side Lighting

Patented side lights evenly reveal the whole document for a precise, balanced scan, while eliminating glare from glossy pages, such as certificates, magazines and laminated documents.

Upgraded Auto-Flatten , Fingerprint Erasing& Smarter Tilt Correction

Simply lay the book under the camera, open and hold down book edges with your fingertips. Smart processing flattens the curved page while recognizing and cropping your fingers from the final scan. Your file is perfectly straight and finger-

free every time. No matter how randomly your document is placed under the camera, the CZUR' s software will easily correct it.

Amazing Features stay as always

Dual-Page Scan in 1.5s

The ET Smart Book Scanner is powered by a robust 32-bit MIPS CPU, scanning two pages of an open, unbound books in just 1.5s. Scan 80-page bound document in a single minute, nearly 10x faster than a traditional scanner.

Efficient OCR

Powered by ABBYY technology, CZUR ET smart scanner recognizes 187 languages. In only one click, you can easily convert any scanned pages to editable document (Word/ PDF/ TIFF all available).

Up to A3 Coverage

The ET Smart Book Scanner handles whatever document you need to digitalize, even as large as A3 format. Scan exam papers, blueprints, magazines, catalogs, and even large books without a problem.
